Who We Are

Highland Community School is founded on the principles of social justice, community building, and celebrating diversity. In 1968, a group of parents founded Highland because they wanted to stand up against the existing segregation in Milwaukee. Fifty years later, Highland is a peaceful Montessori community that intentionally brings people together to create the world we imagine.

Three ways we serve our students:

- 1) An Early Childhood Program serving students 14 months to 3 years
- 2) A K3-8 Montessori public charter school
- 3) Before School, After School and Summer Programming

MISSION

We are a community of diverse families & educators working together to offer a quality Montessori education in a nurturing environment that enriches, empowers, & inspires children to reach their potential & encourages parents to become responsible for & involved with their children's education.

VISION

Changing the world by nurturing children & their families to be informed, compassionate, life-long learners who are a force for change in education, the community, & society.

Highland's students are informed, compassionate, life-long learners. Our holistic approach to education prepares students to be cooperative, creative, and feel responsible for the well-being of all life. Through the four pillars of a Highland education: a Montessori pedagogy, integrated arts, community, and care for the environment, our students become the leaders that the world needs.

That's a tall order for an elementary school. However, **Highland is more than a school.**

We are a community. We are a community that imagines the possibilities and works together to realize our vision. This community gets behind every single student in the Highland family and cultivates their leadership, their talents and skills, their knowledge of the world and their sense of caring and responsibility for all living things. Each day, over four hundred students, 14 months through 8th grade, are learning the Highland way. **We need YOUR help to ensure the Highland way continues.**
